WORK EXPERIENCE

Junior Architectural Designer | BLD ARCHITECTURE

Patchogue, NY | Oct 2023 – May 2026

- Developed schematic and conceptual designs for single- and mixed-use residential projects — including programming, zoning, space planning, façade design, and 3D modeling for client presentations.
- Led visualization for interior and commercial healthcare projects, producing high-quality renderings and improving workflow efficiency through custom Rhino and Enscape standards.
- Produced construction documents across DD and CD phases for residential and hospitality projects, supporting permit sets and coordinating with project teams to ensure accuracy and compliance.

Lab Monitor | SU SCHOOL OF ARCHITECTURE FABRICATION LAB

Syracuse, NY | Jan – May 2023

- Supported students with 3D printing and digital fabrication workflows, including model preparation, print setup, and troubleshooting.
- Organized print queues, materials, and equipment to maintain efficient lab operations and consistent fabrication standards.

Architecture Intern | CLEARLINE REAL ESTATE

New York, NY | Jun – Aug 2022

- Developed 3D visualizations and renderings for a luxury residential apartment in Miami, enhancing design presentations for clients and investors.
- Collaborated with senior architects to refine floor plans and interior layouts for improved efficiency.

Architecture Intern | FREYER COLLABORATIVE ARCHITECTS

New York, NY | Jun – Aug 2021

- Created interior, façade, and material renderings for a residential renovation and a multi-story mixed-use development.
- Assisted with site surveys and construction drawing revisions.

Design Intern | KOUNKUEY DESIGN INITIATIVE

Los Angeles, CA | Feb – May 2021

- Researched and proposed sustainable playground surfacing for an affordable housing project in Coachella Valley.
- Collected and visualized community survey data to support participatory design.

EDUCATION

Columbia University

Master of Science

Computational Design Practices

May 2027 | New York, NY

Syracuse University

Bachelor of Architecture

Minor: Psychology, Cum Laude

May 2023 | Syracuse, NY

SU London Center

International Studio Program

Fall 2021 | London, UK

SKILLS

Digital

Rhino, Grasshopper, Python, Revit, CAD, Enscape, V-Ray, Photoshop, Illustrator, InDesign, After Effects, Premiere, GIS, Climate Studio, Climate Consultant, Athena, Microsoft Office

Fabrication

3D Printing, Laser Cutting, CNC, Model Making, Wood, Concrete

Languages

English, Indonesian

AWARDS & INVOLVEMENT

Tanoto Foundation Scholarship · SOA Portfolio Scholarship · PERMIAS Syracuse University · NOMAS· CrossOver Community Development Volunteer Architect
